## CUT SHEET

- Welded steel end frames with high-pressure laminate or veneer frame inserts for Curve, Rectangle and Scalloped styles and high-pressure laminate for Esports models.
- Intermediate panels have an upper notch for cable pass-through.
- Esports Consoles are specifically designed to incorporate seamlessly into gaming facilities and wiring infrastructure.
- Esports Consoles have multiple shapes and configurations available to support the needs of Esports facilities: Cabinet, Panel, Curved and Scalloped..
- The Panel back model offers a light version of the console while still offering cable management. Our Curved model is unique to the Esports arena, as it creates a dome feeling, keeping gamers in their own space from the audience while still allowing for wire management.
- Each Esports model provides a sturdy spectator facing panel to mount monitors for fans to cheer on their home team.
- 38”/44”W worksurface on Esports models to display gaming PCs and leave elbow room for gamers.
- Legs are fitted with adjustable leveling glides.

## To Order Specify
