STORAGE

Rubix Mobile Storage

This adaptable, transportable storage solution makes it simple for teachers to organize, store, and distribute educational resources. The reinforced bottom and powder-coated metal frame of Rubix makes it a durable, high-capacity, portable storage option. One of the most adaptable storage alternatives on the market today, Rubix is offered in over a hundred distinct HPL, TFL, or veneer combinations, 19 powder coat possibilities, numerous widths and heights - both exposed and concealed fronts. Adjustable shelves, totes, whiteboard panels, Lego® panels, locks, and hidden hinges are additional features.

Psst... The breadth of line mimics mediatechnologies® Definitions line making the two a perfect pair in environments where you need both mobile and static storage solutions.

Rubix Accessories

A World of Finishes...

Yeah, we can finish your Rubix cabinet just how you want it - HPL, TFL, veneers and custom graphic laminates. But did you know that we can go way beyond simply "markerboard" when it comes to functional finishes?

*Except where indicated, all model number are shown at 18"D with melamine finish. High-pressure laminate finish is also available.

- PULLS

- LOCKS

- STEEL POST LEGS

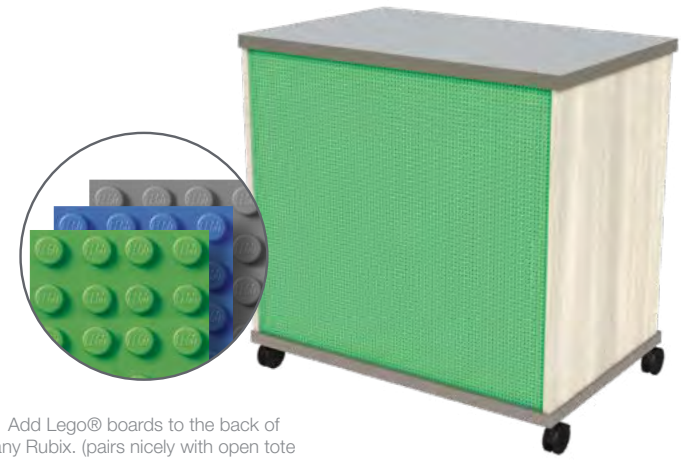

Have doors, sides or backs made with markerboard material. If the top of your cabinet is working-height you can have a markerboard top as well.

Speak volumes, add a tackboard to your cabinet to really get your point across.

Add Lego® boards to the back of any Rubix. (pairs nicely with open tote storage units)
